

Guestbook

We visited most of the local towns and attractions but at the end of the day our favourite place was here!! We loved the quiet, peace and solitude. The pool was wonderful, the gardens lovely. Thank you for letting us share your lovely gite for a week.

Buggins

Just to say we thoroughly enjoyed our week at Les Passestries - the gite is in such a tranquil location, we loved being there, it was really relaxing, and it was even warm enough for me to swim a couple of days! Thank you too for the welcoming bottle of wine which was much appreciated - and we also enjoyed a few ripe figs too. The only trouble is that we didn't want to come home - we still wish we were back there.

Thanks again.

Berry

Les Pass is a fantastic place for a relaxing break. Its set in a quiet, beautiful rural location surrounded by Fields and Woods. Our stay was in late July and the weather was fantastic for most of the week - 34 deg in the shade for 4 days with spectacular lightning storms for two nights but with clear days by the morning. The Gite itself is equipped with everything you could want from Sky TV to Barbeques and is very comfortable. The Pool never dropped below 22 degrees and is perfectly sized for playing with the family but also deep enough for adults to swim in and comes complete with a range of inflatable pool toys left by previous guests. Sitting out in the garden on a warm summer evening watching the bats with the sounds of the wildlife all around...perfect. Highly recommended

Foxon

We stayed at Les Passetries in early June 2013 and have to say that it is a in a wonderful, quiet location. The gite is completely private with a tall hedge surrounding the property. There are lovely views and walks to be had and a couple of small towns nearby for bread, fresh meat & veg etc. There is also a good-sized supermarket for other essentials. Saumur and other historical places are all within 30 minutes' drive and there really is so much to see. Don't forget the plethora of vineyards that offer tasting ('degustation') that can't be missed. The gite itself has everything you'd need as well as an excellent swimming pool (a bit cold this year because of the early cold weather, but still nice for a dip!). All in all, this place makes for a great base for a thoroughly enjoyable holiday. We'll certainly be back again soon. Thanks.

Nicholls

The place was in a great location - quiet, not too secluded. The gite was well equipped and the outside areas were great. The pool was a real bonus.

Simpson

Just to say we all had a lovely holiday at Les Passetries and thoroughly enjoyed our visit to this part of France. The house was comfortable and the pool was very welcome to cool off in as we had some super weather. Thoroughly enjoyable holiday and we would certainly consider hiring your property again if we were to return to this part of France.

Thomson

In August we had a wonderful week's holiday in this charming, well kept French farm house. The quiet location was relaxing with brilliant evening star gazing in the dark countryside skies! Maps were helpfully provided so we could make the most of local circular walks along the lanes and fields. The house is also well placed for easy day trips out to places like Saumur for a walk around the Chateau, shops and cafes or for walks along the banks of the Loire and a visit to Longeais market on a Sunday. It may have been hot outside but it was cool indoors in the great kitchen around the dining table. Eating out on the shaded patio at the rear was equally enjoyable. Although these comments may be influenced by a week of wonderful weather and excellent company that enabled full use of the pool, we would highly recommend a stay at Les Passetries.

Christy

The gite is wonderful, it's so self contained and real opportunity to escape. No one wanted to leave and the children are asking if we can go back again next Summer. Thank you for the wine on arrival. I have no complaints only praise for maintaining such a high standard, it had everything that we needed and it was very clean.

Ross

We had a lovely week in the cottage it really is in a great spot. Plenty to do in bad weather and a gorgeous pool for when the sun comes out.

Corston

The cottage was great thanks, nice area and all as described. I was surprised how much space there was and very private and secluded. All exactly as described. There is more room on the plot than the pics do justice which makes for a great impression on arrival. I would recommend to any friends and family wishing to visit the area for a relaxing break.

Clay

We would strongly recommend that guests take a walk from the house, turn right and just stroll up the road for a while during the evening - the lighting and atmosphere was so beautiful, a very relaxing end to a day.

Reese

When we arrived the fields of sunflowers surrounding the house were just blooming and by the end of the first week it was lovely to look out of the upstairs windows and see fields of gold. It was a beautiful sight. The situation of the house is very peaceful and relaxing and we made use of the different areas of the garden when we needed some shade from the sun. We witnessed some wildlife in the garden too. There were lots of butterflies, including a beautiful Swallowtail. We rescued a hedgehog when, on waking one morning and opening the Juliet balcony shutter, we discovered had decided to take a dip in the pool. A leveret visited one evening and one afternoon we witnessed a lizard being persued by a stoat-like creature. We also made friends with a large toad who settled in a shady corner by the pool. Many thanks for sharing your holiday home with us. We returned home relaxed and refreshed. If ever we return to the area it is somewhere we would like to re-visit to relax. A 'home from home'.

Turner

Really enjoyed our stay at your house , beautiful location , lovely garden and nice quite roads for a little run out on the old motorcycles we entered "Puy de Notre Dame Classic GP"

Jones

The house is very private, surrounded by high hedges. A nice sitting area behind the house (albeit with some quite uncomfortable chairs), a lawn in front of the house, ideal for playing badminton or petanque, and of course the wonderful pool! We had a wonderful two week stay here with lots of things to see in the surroundings, particularly castles. As opposed to many villages in the surroundings, the nearby village has a large supermarché, a boulangerie and a pharmacie. Very practical. The owners were even kind enough to post my glasses on to me!

Salentijn
